

Good Shepherd Cemetery Office/Chapel/Garden Crypt Complex

*Good Shepherd Office/
Chapel/Garden Crypt Complex
Orland Park, Illinois*

Architect: Mekus Studios Ltd.

TSG assisted the Catholic Cemeteries division of the Archdiocese of Chicago with the design of a new garden crypt complex and administration building at Good Shepherd Cemetery in Orland Park, Illinois.

The new 8,000-square foot administration building consists of offices, a workroom and three chapels for the cemetery with a complex system of intersecting gables, clerestories and flat roofs.

The predominantly precast concrete garden crypt building consists of 3,000 crypts.
