

Pulte Homes Recreation Centers

Pulte Homes Recreation Centers

Nationally known as a leader in the development of active retirement communities, Pulte Homes' Del Webb expansion into the Midwest required the development of a prototype recreational facility. TSG prepared construction documents for the prototype and provided full structural services through construction for these facilities at multiple sites in Illinois, Indiana, Michigan and Ohio. These fitness centers feature weight training and exercise rooms, activity rooms, multi-purpose rooms, hot tubs, and resort-style pools.
